PACS. 03.65. - Quantum theory; quantum mechanics.

PACS. 11.10. - Field theory.

Equation (2.1) should read

$$(2.1) \quad \delta W = \delta \int m \sqrt{\gamma} d\lambda = 0, \quad L = m \sqrt{\gamma} = m \left(\frac{\partial x^\mu}{\partial \lambda} \frac{\partial x_\mu}{\partial \lambda} \right)^{\frac{1}{2}}.$$

Equation (2.14) should read

$$(2.14) \quad S(x^\mu, \lambda) = p_\mu x^\mu(0) + L\lambda = p_\mu x^\mu - H\lambda.$$
