Announcements

III. International Symposium on Transrectal Ultrasound of the Prostate

The date of The International Symposium on Transrectal Ultrasound of the Prostate has been changed from June 9–11, 1988 to September 8–10, 1988.

For further information contact: Dr. H. Bertermann, Department of Urology, University Hospital, Arnold-Heller-Str. 7, D-2300 Kiel 1, F.R.G. Telephone: 0431/597-4412/13.

Erratum

Urologic Radiology 9: 177–190

Calcified Ganglioneuroma of the Bladder Robert T. Graham, Sender Herschorn, and John Srigley

Please note that on page 177, some errors appeared within the text. Beginning with line 10, and continuing to line 13 (left column), this material is presented in its corrected form below:

Groups of mature ganglion cells were clearly identified in areas (Fig. 5). Within the spindle cell component, S-100 immunocytochemistry was positive suggesting a Schwann cell derivation.
