Erratum

In the article “Locally Advanced and Metastatic Breast Cancer with Cartilaginous and/or Osseous Metaplasia Showing Excellent Response to Chemotherapy” by Sakuma T, *et al.*, which appeared in *Breast Cancer* 11(4):401-408, 2004, Author's name and Figure (No. 1, No. 4) are incorrect. The editorial staff apologizes to the authors and all readers. The correct Author's name and Figure (No. 1, No. 4) are presented with corresponding below.

Locally Advanced and Metastatic Breast Cancer with Cartilaginous and/or Osseous Metaplasia Showing Excellent Response to Chemotherapy

Takeshi Sakuma^{*1}, Tadashi Nomizu^{*1}, Kotaro Miyamoto^{*1}, Akihiro Ogino^{*1}, Mutsuo Yamada^{*1}, Naoto Katagata^{*1}, Fumiaki Watanabe^{*1}, and Yoshiko Yamaguchi^{*2}

^{*1}Department of Surgery, and ^{*2}Division of Pathology, Hoshi General Hospital, Japan.

Fig 1. (A): A breast tumor 20 × 15 × 14 cm in size mainly located in the right A-portion had skin invasion, redness, and ulceration all over the breast. (B): Chest CT demonstrated a tumor with almost homogeneous densities in the right breast.

Fig 4. (A) to (C): After four cycles of CAF, the primary lesion in the right breast and the lung metastatic lesions decreased more than 50% in size. Since this status continued more than one month, it was judged as a partial response.
