CORRECTION

In the article by Arrighi and Soufer (*J NUCL CARDIOL* 1995;2:525-43) the footnote numbers within the text of the article were printed incorrectly. The following corrections should be made to the footnote numbers in the text so that they will correspond to the correct citation in the list of references at the end of the text:

Footnotes 1-36:	No changes
Footnote 37:	Change to 13
Footnotes 38-98:	Change to 37-97
Footnote 99:	Change to 51
Footnotes 100-112:	Change to 98-110

The authors regret any inconvenience that this printing error may have caused.
