Errata

In "Mexican Wild Forms of Sweet Potato" by Nishiyama and Teramura, Volume 16, No. 4, pages 308 and 309, the illustrations have been inverted. For readers interested in making a permanent correction, the captions are reprinted below for pasting in the correct place as follows:

Page 308, top, is Figure 5

Page 308, bottom, is Figure 6

Page 309, top, is Figure 3

Page 309, bottom, is Figure 4

Fig. 3. Leaf form of sweet potato (*I. batatas*). a. Non-lobed form (cult. var. "Gokoku"); b. Subtrilobed form (*Idem*); c. Trilobed form (cult. var. "Whitestar"); d. Subpentalobed form (*Idem*); e. Pentalobed form (*Idem*); f. Subheptalobed form (*Idem*).

Fig. 4. Leaf form of sweet potato, var. L-4-5.

a. Non-lobed form; b. Subtrilobed form; c. Trilobed form; d. Subpentalobed form.

Fig. 5. Leaf form of K123 (*I. trifida*). a. Non-lobed form (K123-1); b. Subtrilobed form (*Idem*); c. Trilobed form (K123-11); d. Subpentalobed form (*Idem*); e. Pentalobed form (K123-6); f. Subheptalobed form (*Idem*).

Fig. 6. Leaf form of K123-2. a. Non-lobed form; b. Subtrilobed form; c. Trilobed form; d. Subpentalobed form.
