ERRATA

A mistake was made in associating figure captions with the figures in the following paper:

Flanders, Kathy L., David W. Ragsdale, and Edward B. Radcliffe. 1990. *Use of enzyme-linked immunosorbent assay to detect potato leafroll virus in field grown potato, cv. Russet Burbank*. Amer. Potato J. 67:589-602.

Substitute new Figures 2 and 3 that appeared on pages 598-99 of APJ, September 1990 #9.

New FIG. 2

FIG. 2. Effect of time between inoculation at the tuber initiation stage and sampling in detecting potato leafroll virus (PLRV) in current season foliage using ELISA, Rosemount, Minn., 1988, LS=LOWER-STEM, MS=3-MIDDLE-STEM, US=UPPER-STEM, 3 L/P=3-LEAFLETS/PLANT, 3 L=3-LOWER.

New FIG. 3

FIG. 3. Effect of time between inoculation at the early tuber bulking stage and sampling in detecting potato leafroll virus (PLRV) in current season foliage using ELISA, Rosemount, Minn., 1988, LS=LOWER-STEM, MS=MIDDLE-STEM, US=UPPER-STEM, 3 L/P=3-LEAFLETS/PLANT, 3 L=3-LOWER, 1 L/P=1-LEAFLET/PLANT.
