Erratum

EPR Studies of Free-Radical Reactions of Carboxyfullerenes [Appl. Magn. Reson. 18, 321–331 (2000)]

T.-S. Lin, L. L. Dugan, and T.-Y. Luh

The correct versions of Fig. 1 and its legend on page 324 are given below:

Fig. 1. EPR spectra of $\cdot\text{OH}$ (generated from Fe(II) plus H_2O_2 , Fenton reaction) in the presence of DMPO: **a** $\cdot\text{DMPO-OH}$ ($a_N = a_{\text{H}\beta} = 1.496$ mT), **b** in $10\ \mu\text{M}\ \text{C}_3$, and **c** in $10\ \mu\text{M}\ \text{D}_3$. Note that the concentration of $\cdot\text{OH}$ radicals used in the present study differs from that reported in ref. 4.

The correct version of the legend of Fig. 3 on page 325 reads:

Fig. 3. EPR spectra of $\cdot\text{O}_2^-$ (generated from xanthine/xanthine oxidase) in the presence of DMPO: **a** $\cdot\text{DMPO-OOH}$, **b** in $40\ \mu\text{M}\ \text{C}_3$, and **c** in $40\ \mu\text{M}\ \text{D}_3$ (taken from ref. 4 with the permission of the National Academy of Sciences of the USA).

The correct version of the title of Table 1 on page 330 reads:

Table 1. Membrane parameters from spin-label/EPR experiments (taken from ref. 4 with the permission of the National Academy of Sciences of the USA).
