Erratum

In the article “Solid-State Magnetic Resonance Studies of Polyaniline as a Radical Scavenger” by Z. D. Zujovic et al. (Applied Magnetic Resonance 28: 123–136, 2005) on page 123 the third sentence of section 1 was incorrect. Its correct version should read:

On the other hand, experimental time is extensively shortened due to the fact that CP experiment repetition time is determined by I spin–lattice relaxation time in the laboratory frame of coordinates.
