ERRATUM

1) To the authors and readers:

In the supplement on “NORA Studies” (Vol. 14, Suppl. to No. 3, June 2002), an error was made concerning the Issue citation caption which appears at the end of the Abstract (i.e., the Supplement indication was lacking). The right citation – which is also the PubMed citation – is as follows: *Aging Clin Exp Res* 2002; 14 (Suppl. to No. 3): pp.

This note should therefore be taken into account when reference is made to the articles contained in this Supplement.

We apologize to the authors and readers for this error.

2) In the Article “Development of the ‘Patient perspective On Care and Rehabilitation process’ instrument (POCR)” by B. Krevers and B. Öberg (*Aging Clin Exp Res* 2002; 14: 402-11) the following correction should be noted:

On page 405, right column, line 13, the sentence “The factor analysis was therefore based on pairwise correlation using 239 cases.” should be replaced with the following correct sentence: “The factor analysis was therefore based on 239 cases.”

The authors apologize for the inconvenience.
