ERRATUM TO: [JHEP07\(2007\)071](#)

In article JHEP07(2007)071 equation (3.2) in the left hand side $\delta F_j(y)$ should be replaced by δG_j , and therefore, it reads as follows

$$\delta G_j(y) = \delta F_j(y) G_j(y) = N_j y^{\alpha_j} (1 - y)^{\beta_j} (1 + a_j y^{0.5} + b_j y + c_j y^{1.5} + d_j y^2)$$
