Erratum to: Kuhn RJ, et al. CREON (Pancrelipase Delayed-Release Capsules) for the Treatment of Exocrine Pancreatic Insufficiency. Adv Ther. 2010;27(12):895-916.

On page 906, in relation to the study by Whitcomb et al. (reference 71), the mean±standard deviation change from baseline in coefficient of fat absorption (CFA) values of 32.1%±18.5% versus 8.8%±12.5% should be corrected to 31.9%±18.6% for CREON versus 8.7%±12.4% for placebo, according to a recently published erratum to the original publication (Whitcomb DC, Lehman GA, Vasileva G, et al. Am J Gastroenterol. 2011;106(6):1177-1178). The significance ($P<0.0001$) was not affected.
