Erratum

Erratum to: Monotone and Čebyšev arcs in hyperspaces

Robert J. MacG. Dawson

Erratum to: J. Geom.

DOI 10.1007/s00022-010-0044-0

In this article, the following changes should be made.

1. Proposition 5.4 (ii) should read:

A monotone arc indexed by $(0, 1]$ in $\mathcal{K}_0^n$ or $\mathcal{O}_0^n$ attains its infimum distance from every element of the hyperspace if and only if it is unbounded or is nested and collapses at 0.

2. Theorem 5.6 should read:

A monotone arc in $\mathcal{K}_0^n$ is Čebyšev if and only if it is nested and at either end it is closed, is unbounded, or collapses.

3. Theorem 5.8 should read:

A monotone arc in $\mathcal{O}_0^n$ is Čebyšev if and only if at either end, it is closed, is unbounded, or is nested and collapses.
