Erratum to: Pure Appl. Geophys.
DOI 10.1007/s00024-016-1304-1

This paper unfortunately had been published with corrections not been carried out. The term “Loess High Bank” had erroneously been changed to “High Loess Bank” in the title and in several places in the text as well, which corrupts the meaning.

Apart from that the order of the figures was disturbed beginning with Fig. 5.

These mistakes have now been corrected; the article has been updated.
