It is the policy of the journal that the names of the authors appear in alphabetical order. As the authors of the above mentioned article disagree with this rule, they have made the following decision: the co-authors Shukai Duan and Wenfeng Hu have agreed that their names should be deleted from the list of authors. Sichao Wu and Chuandong Li are now the sole authors of the article “Exponential Stability of Discrete-Time Delayed Hopfield Neural Networks with Stochastic Perturbations and Impulses.”
