Role of intravascular ultrasound imaging in identifying vulnerable plaques

Herz (1999) 24:32–41
<http://dx.doi.org/10.1007/BF03043816>

The authors have retracted this article as it contains large portions of text and figures that have been previously published in Ge J, Chirillo F, Schwedtmann J, Gorge G, Haude M, Baumgart D, Shah V, von Birgelen C, Sack S, Boudoulas H, Erbel R (1999) Screening of ruptured plaques in patients with coronary artery disease by intravascular ultrasound. *Heart* 81:621–627.
