Dear colleagues,

We would like to invite you to the 51st annual conference of the German Society of Neuroradiology and simultaneously, the conference will be the 24th annual conference of the Austrian Society of Neuroradiology.

We would like to use this opportunity and introduce you to our first innovation. The official start of the conference will be 1 day earlier on Wednesday 5 October 2016, with exciting and informative hands-on workshops.

The conference program that you are already familiar with will begin on Thursday 6 October 2016, with scientific meetings, workshops, sessions with e-poster presentations, conference contributions with an open format and meetings with representatives of the industry. For this year's conference, we have selected the following *key themes*:

- Degenerative neurological disorders,
- Epilepsy,
- Oncology,
- Interventional neuroradiology,
- Stroke therapy.

¹ Diagnostische und Interventionelle Neuroradiologie, Klinikum Augsburg, Stenglinstr. 2, 86156 Augsburg, Germany

² Department Radiologie, Medizinische Universität Innsbruck, Christoph-Probst-Platz 1, Innrain 52, 6020 Innsbruck, Austria

We can only achieve our joint tasks with the active support of diagnostic radiographers; therefore, once again we will follow the example from previous years and offer a very attractive parallel professional development congress for interested radiographers.

Please join us in Cologne from 5 to 8 October 2016. It will be worth it!

All colleagues from Germany, Austria and Switzerland are cordially invited.
