Erratum to: *Intensive Care Med* (2016) 42:470–471 DOI 10.1007/s0134-016-4235-5

This editorial published in the March 2016 issue of *Intensive Care Medicine* forms part of an editorial debate on the topic of lactate-guided resuscitation.

Unfortunately, a third author was mistakenly added during the publication process: Dr. Amber Barnato took no part in the writing process and should have not been listed among the authors.

The correct authorship is as shown here. The ICM editorial office offers its apologies to the readers for this mistake.
