It is our pleasure to announce the inaugural B. John Davies Best Paper Prize, named after the late Prof. John Davies who was the founding Editor-in-Chief of IJAMT, for the most outstanding paper published in IJAMT 2014.

This is awarded to:

Prof. Tae-Wan Ku and Prof Beom-Soo Kang

Department of Aerospace Engineering,

Pusan National University,

Republic of Korea

for their paper in IJAMT Volume 74, Issue 9–12, pp. 1337–1354, “Hardness-Controlled Tool Fabrication and Application to Cold Forging of Inner Race with Skewed Ball Grooves.”

This has been arrived at after rigorous reviews by the editors, based on the reviewers’ comments and nominations. The

paper is judged to have excellent academic value as well as application potential in industry.

A certificate and US\$5000 in recognition of their exceptional and original research effort is presented to them by Springer.

In 2014, IJAMT received a total of 2917 submissions and 1134 papers were accepted for publication.

The Editors would like to encourage quality submissions and are looking forward to presenting the B. John Davies Best Paper Prize in the subsequent years.
