Erratum to: Anal Bioanal Chem
DOI 10.1007/s00216-008-2187-5

The authors would like to call the reader's attention to the following:

The product number of the mouse anti-COXI primary antibody (A21296, Invitrogen) is incorrect (see *Reagents, Materials and Methods*). The mouse anti-COXI primary antibody that was used in this study is A6403. Failure to use the correct product number may lead to unwanted cross-talking and higher background in the described carbonyl determinations.
