In the abstract and method sections the sample size should be 9523 instead of 9518.

In the supplementary table, imprecisions between Table 1 of the above article and the supplementary tables in the sample size of some subgroups were found as well as slight differences in the estimations in some variables due to and error in rounding digits. Data have been corrected and the new version of the supplementary table is published with this erratum.

The online version of the original article can be found under doi:[10.1007/s00223-016-0181-z](https://doi.org/10.1007/s00223-016-0181-z).
