**Erratum to: Arch Environ Contam Toxicol (2011)
60:734–741
DOI 10.1007/s00244-010-9580-8**

The original version of this article unfortunately contained a mistake. In the Abstract section, the sentence “Cd concentration in leiomyoma tissues was twice as high as that in

surrounding myometrium (0.48 and 0.75 $\mu\text{g Cd/g}$ wet tissue, respectively), albeit the difference was not statistically significant.” should read as follows: Cd concentration in leiomyoma tissues was twice as low as that in surrounding myometrium (0.047 and 0.075 $\mu\text{g Cd/g}$ wet tissue, respectively), albeit the difference was not statistically significant.

The online version of the original article can be found under
doi:[10.1007/s00244-010-9580-8](https://doi.org/10.1007/s00244-010-9580-8).
