The original version of this article unfortunately contained a mistake. The presentation of Fig. 3 was published with an error. The correct version is given below.

Fig. 3 Acetate formations by mutant strains of *C. glutamicum* R under oxygen-deprived conditions. Acetate yield is represented by the mol of acetate formed per 1 mol of glucose consumed at 6 h incubation. The data represent an average of at least triplicate experiments

The online version of the original article can be found at <http://dx.doi.org/10.1007/s00253-007-1199-y>.
