Erratum to: Penicillin G acylase from *Achromobacter* sp. CCM 4824

An efficient biocatalyst for syntheses of beta-lactam antibiotics under conditions employed in large-scale processes

Erratum to: Appl Microbiol Biotechnol (2014) 98:1195–1203
DOI 10.1007/s00253-013-4945-3

The above mentioned article has been published online on 15th May 2013 in Appl Microbiol Biotechnol. The authors would like to correct the paragraph on the strain CCM 4824 origin (Introduction, p. 1196, left column - the last paragraph) published as “We described a novel penicillin G acylase (NPGA) from soil isolate *Achromobacter* sp. CCM 4824 (Plháčková et al. 2003; Škrob et al. 2003)”.

The corrected presentation should be “We described a novel penicillin G acylase (NPGA) from a mutant of soil isolate *Achromobacter* sp. CCM 4824 (Plháčková et al. 2003; Škrob et al. 2003; Kyslík et al. 2011)”.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s00253-013-4945-3>.
