Notice of duplicate publication:

The data of ‘Metabolic engineering of *Escherichia coli*: construction of an efficient biocatalyst for D-mannitol formation in a whole-cell biotransformation. Authored by Kaup B, Bringer-Meyer S, Sahm H, Appl Microbiol Biotechnol (2004) 64: 333–339 DOI 10.1007/s00253-003-1470-9’ has been published previously in the following conference proceedings: ‘Metabolic engineering of *Escherichia coli*: construction of an efficient biocatalyst for D-mannitol formation in a whole-cell biotransformation. Authored by Kaup B, Bringer-Meyer S, Sahm H. Commun Agric Appl Biol Sci. 2003;68(2 Pt A):235–40. It was decided to publish this notice to inform readers. This dual publication was unintentional. The proceedings paper, based on a workshop, formed the further basis for the journal article.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s00253-003-1470-9>.
