Why do honey-bee (*Apis mellifera*) foragers transfer nectar to several receivers? Information improvement through multiple sampling in a biological system

Published online: 21 February 2001
© Springer-Verlag 2001

Behav Ecol Sociobiol (2000)
DOI 10.1007/s002650000306

There was a spelling error in the title of this paper: “millifera” should read “mellifera”. The correct title is given above.
