RE: Environmental Management Vol. 35, No. 5. pp. 677-691: The slope units used for the land-use classification were incorrect. Text on page 681, column 1, line 16, should have read “...occurring in a par-

ticular land-use class on slopes “<3° (~5%)”. Text on page 681, column 1, lines 19, 32, and 40, and column 2 heading of Table 2 should have read “>3°” instead of “>3%”.
