Unfortunately, in page 757 in the original publication, under the Section “Study Design” the sentence in the

second paragraph is incorrectly published. The sentence should read “The fields used in this study were set aside from agriculture in 2002, 2000, 1998, 1988, and 1973, then had an age since abandonment at sampling time of 1, 3, 5, 15, and 30 years.”
