Re: *Environmental Management* 25:3, pp. 281–289: Three errors appeared in the published version of this article. These errors are:

- Equation (8) on p. 286 should read: $e = \text{CRITBINOM}(n, p, 0.90)$.
- Equation (10) on p. 286 should read: $P^* \cong 0.012 \times \ln(n) + 0.1$.
- In Table 5 on p. 288, the P^* value for quail should be 0.15, 0.17 for shrew, and 0.17 for fish.

These changes do not affect the conclusions reached in the paper or Oregon's continuing use of the procedure for making regulatory decisions.
