The authors apologise that they did not fully acknowledge the fact that several of the images were reproduced from other papers. Although the relevant authors had been contacted and their permission had been obtained, the permission of the publishers has only just come through.

The Figures in question are:

Fig. 3 and Fig. 6, reproduced from:

W. Ajaj, S.C. Goehde, N. Papanikolaou, G. Holtmann, S.G. Ruehm, J.F. Debatin, T.C. Lauenstein (2004) Real time high resolution magnetic resonance imaging for the assessment of gastric motility disorders. Journal: Gut 53:1256-1261, published by BMJ Group.

Fig. 4 and Fig. 5, reproduced from:

R. Treier, A. Steingoetter, D. Weishaupt, O. Goetze, P. Boesiger, M. Fried, W. Schwizer (2006) Gastric motor function and emptying in the right decubitus and seated body position as assessed by magnetic resonance imaging. JMRI 23(3):331-338, published by Wiley-Liss Inc.
