Due to a transcription error, several images in the article entitled "Follow-up of coiled intracranial aneurysms: comparison of 3D time-of-flight and contrast-enhanced magnetic resonance angiography at 3T in a large, prospective series", were incorrectly numbered:

Figure 1: 1C is in fact 1B, 1E is 1C, 1B is 1D, and 1D is 1E.

Figure 2: 2C is in fact 2B, 2E is 2C, 2B is 2D, and 2D is 2E.

Figure 4: 4C is in fact 4B, 4E is 4C, 4B is 4D, and 4D is 4E.

We apologise for this error in this complex set of images; the error was multifactorial.

The online version of the original article can be found at: <http://dx.doi.org/10.1007/s00330-012-2466-6>.
