ERRATUM

Erratum to: Effects of nutrient enrichment on the release of dissolved organic carbon and nitrogen by the scleractinian coral *Montipora digitata*

Erratum to: Coral Reefs (2010) 29:675–682 DOI 10.1007/s00338-010-0639-9

The values in Table 1 in the original publication were incorrectly listed. The corrected Table 1 is as follows.

Table 1 Average release rates of DOM at the start and the end of the 8-day incubation of *Montipora digitata* in the NP-enriched and control aquaria. Chl *a* contents of zooxanthellae and tissue CNP contents (corals + zooxanthellae) for the incubated coral colonies were analyzed at the end of the 8-day incubation

	Control		+NP	
	Initial	Final	Initial	Final
Net DOM release rates				
DOC (nmol cm ⁻² h ⁻¹)	8.7 (1.0)	9.1 (1.4)	9.8 (1.6)	9.4 (1.3)
DON (nmol cm ⁻² h ⁻¹)	0.48 (0.12)	0.63 (0.09)	0.40 (0.16)	−0.32 (0.17)*
Tissue (corals + zooxanthellae)				
Chl <i>a</i> density (μg cm ⁻²)		10.3 (1.0)		15.1 (0.6)*
C content (μmol cm ⁻²)		286 (45)		259 (21)
N content (μmol cm ⁻²)		28 (3)		30 (1)
P content (μmol cm ⁻²)		0.85 (0.08)		0.92 (0.04)

* Significant difference between the NP-enriched and control corals ($n = 5$)
