The spelling of Francisco Morán's name was incorrect.
His correct name is given above as well as in his biography.
We apologize for this mistake.

Francisco Morán received the degrees of Telecommunication Engineering and Ph.D. in Telecommunication, both from the UPM (Universidad Politécnica de Madrid, Spain) in 1992 and 2001, respectively. Since 1992 he is a researcher at UPM becoming in 2002 a full-time Associate Professor in the knowledge area of Signal Theory and Communications. His research interests include modeling, coding, transmission and visualization of 3D objects. He has been and is actively involved in projects

funded by the RACE, ACTS and IST Programs of the European Commission.
