The *Heart and Vessels* Editorial Office is pleased to report that another publication previously titled “*IJC Heart & Vessels*” has informed us that it will change its title to *IJC Heart & Vasculature*.

The counterpart publication was founded in 2013 by Elsevier Ireland Ltd. without consultation with the *Heart and Vessels* Editorial Office.

We requested the publisher to change the publication title because it would be confusing for subscribing institutions and readers of our journal.

Heart and Vessels has been published constantly since its first issue in 1985. Moreover, the journal title *Heart and Vessels* is registered as a Community Trade Mark until 2023.

The Editors would like to thank the counterpart publication for their cooperative attitude in this matter, as well as all editors and readers for their support of *Heart and Vessels*.
