Erratum to: Clim Dyn
DOI 10.1007/s00382-012-1601-z

In Alexeev and Jackson (2012) the value $\gamma_2 = 2.852$ given in the caption to Fig. 2 is incorrect. The correct value that should appear is $\gamma_2 = 2.852 \times 10^{-3}$. This is the value used for all the calculations done in the article.
