The Article “Feasibility of 2-deoxy-2-[^{18}F]fluoro-D-glucose-A85380-PET for imaging of human cardiac nicotinic acetylcholine receptors in vivo” by J. Bucerius et al. (the online version can be found at <http://dx.doi.org/10.1007/s00392-006-0342-6>) has been published in issue 95 (2006):105–109.

Unfortunately a wrong notation for the tracer was given. Instead of 2-deoxy-2-[^{18}F]fluoro-D-glucose-A85380 it should be 2-[^{18}F]-A85380.

The publisher apologizes for any inconvenience caused by this mistake.
