Archives of Orthopaedic and Trauma Surgery, Springer-Verlag Berlin Heidelberg 2014. This paper, published in Volume 134, Issue 8, pages 1155–1162, DOI [10.1007/s00402-014-1963-2](https://doi.org/10.1007/s00402-014-1963-2), has been formally withdrawn by the two corresponding authors on ethical grounds because the article contains extensive and repeated instances of plagiarism. *Archives of Orthopaedic and Trauma Surgery* treats all identified evidence of plagiarism in the published articles most seriously. It is unfortunate that this misconduct was not detected before going to press. The authors apologize to the Editors and readers as well as the authors of the original article.

The online version of the original article can be found under doi:[10.1007/s00402-014-1963-2](https://doi.org/10.1007/s00402-014-1963-2).
