Effect of oral intake of choline-stabilized orthosilicic acid on skin, nails and hair in women with photodamaged skin

Published online: 8 March 2006
© Springer-Verlag 2006

Arch Dermatol Res (2005) 297(4):147–153

In Table 1 (p. 150), the unit of measurement for silicon was given wrongly as µg/dl (micrograms per deciliter). The unit should have been µg/l (micrograms per liter).
