Erratum to: Graefes Arch Clin Exp Ophthalmol

Reason: Misleading message in “Conclusion” at the end of the abstract due to typographical mistake – i.e. “...negatively associated with spectacle **in** dependence, dysphotopsia and function related to vision (NEI VF-11) score. “ (“in” is not correct)

Corrected version: “...and negatively associated with spectacle dependence, dysphotopsia and function related to vision (NEI VF-11) score.”
