Erratum to: Int Arch Occup Environ Health DOI 10.1007/s00420-012-0765-5

In the original publication of this article, there was an error in Table 1. In Table 1, prevalences of number of chronic diseases and of specific chronic diseases in the column headed “Retired” actually refer to the column headed “Not retired” and vice versa.

The following provides the updated, corrected version of Table 1.

The authors apologize for any inconvenience this mistake may have caused.

Table 1 Percentage distribution of sociodemographic characteristics and prevalence of chronic conditions by retirement status

	All (<i>n</i> = 18,547)	
	Retired (%)	Not retired (%)
	13.0	87.0
Age		
45–49	2.3	41.8
50–54	14.7	34.5
55–59	83.0	23.7
Gender		
Men	62.8	67.33
Women	37.2	32.67
Area of residence		
North Italy	59.2	48.8
Central Italy	18.9	20.8
South Italy	21.9	30.4
Education		
University degree/High school diploma	31.6	51.3
Low secondary	36.4	32.6
Elementary or less	32.1	16.1
Occupational class		
Bourgeoisie	11.8	22.7
Middle class	33.2	31.2
Petite bourgeoisie	7.2	15.7
Working class	47.8	30.4
Marital status		
Married	79.2	77.3
Separated/divorced/widower	8.6	9.9
Never married	12.2	12.9
Employment in public administration		
Yes	27.1	30.7
