In the original publication of this article, the mean values of SDNN during baseline in Table 2 should be corrected from 383 to 38 (pain group) and 492 to 49 (control group) and there is a misleading reference in the Method section under Measurement subheading Pain. The first sentence reference should be corrected from “The Borg CR-10 scale (Vernon and Mior 1991)” to “The Borg CR-10 scale (Borg 1998)”.
