Unfortunately, the article was published with some errors.

1. Article title should read as '**Dehydration rate and time of desiccation affect recovery of the lichen alga *Trebouxia erici*: alternative and classical protective mechanisms**', instead of '**Dehydration rate and time of desiccation affect recovery of the lichenic algae *Trebouxia erici*: alternative and classical protective mechanisms**'.
2. Figure 7, part figures b and c were interchanged in the published version. Here are the corrected version of Fig. 7b and c.

3. In the reference of Fridl T, Büdel B (2008) had a spell error for author Fridl, the correct spelling for the first author is 'Friedl'.
4. Additionally author would like to add missing acknowledgement section.
