Dr. John Blangero (Department of Genetics, Texas Biomedical Research Institute, San Antonio, TX 78245-0549, USA) was inadvertently not included in the author list during the proof process. All authors agree that he should

be reinstated. His name should appear between those of David C. Glahn and Timothy Q. Duong. In addition, the authors have failed to include the Acknowledgments: “This work was also supported by the National Institute of Mental Health Grants MH0708143 (DCG), MH078111 (JB), and MH083824 (DCG & JB).” This sentence should appear just prior to the line thanking Nicholas Holder.
