Erratum to: Hum Genet (2009) 124:625–631
DOI 10.1007/s00439-008-0586-5

The author would like to make the following correction to his online as well as printed version of the paper. In Table 1 on page 627 it was stated that a mutation in *VEGFR3* was R1041Q for patients 6 and 7. This should have read R1041E.

The online version of the original article can be found under doi: [10.1007/s00439-008-0586-5](https://doi.org/10.1007/s00439-008-0586-5).
