The following four articles were inadvertently printed in *Surgical Endoscopy*, vol. 14, no. 3, March 2000, with incorrect DOI numbers. Their correct DOI numbers are: F.L. Greene, "The impact of laparoscopy on cancer management" (pages 217–218), DOI: 10.1007/s004640030045; Vitale et al., "Endoscopic treatment of distal bile duct stricture from chronic pancreatitis" (pages 227–231), DOI: 10.1007/s004640030046; Ishida et al., "Pneumoperitoneum with carbon dioxide enhances liver metastases of cancer cells implanted into the portal vein in rabbits" (pages 239–242), DOI: 10.1007/s004640030047; and Lichtenbaum et al., "Preoperative abdominal ultrasound may be misleading in risk stratification for presence of common bile duct abnormalities" (pages 254–257), DOI: 10.1007/s004640030049.
