**Erratum to: Wien Klin Wochenschr (2012) 124: 154–159.
DOI 10.1007/s00508-012-0125-1**

The authors of Tas et al. (2012) have brought to our attention corrections that need to be made to the “Patients and methods” section in their paper. The first sentence “This study was undertaken in the Medical ICU Department of the Faculty of Medicine at Çukurova University between

January 2007 and January 2009 with the approval of the Local Ethics committee.” should have read as follows:

“This study was undertaken in the Medical ICU Department of the Faculty of Medicine at Çukurova University between January 2004 and January 2006 with the approval of the Local Ethics committee.”

We apologize to our readers for this mistake.
