Table 3. The words “Intervention – Control (95 % CI) in the top row refer to the headings in the row beneath labeled “Post” and “1-month FU” in the last two columns of the table.

The 8th of 10 columns in this table refers to the 1-month FU for the control group.

Table 4. The label for the second column is “post-intervention” and the label for the third column is “1-month follow-up”
