Erratum to: Neural Comput & Applic
DOI 10.1007/s00521-012-0980-8

Unfortunately, in the original publication of the article, Eq. 2 has been published incorrectly. The correct Eq. 2 is given below:

$$\tau_i = \rho \cdot \tau_i + \Delta\tau_i;$$
$$\Delta\tau_i = \begin{cases} \frac{\max_{g=1:k}(\text{MSE}_g) - \text{MSE}_j}{\max_{h=1:k}(\max_{g=1:k}(\text{MSE}_g) - \text{MSE}_h)} & \text{if } f_i \in S_j \\ 0 & \text{otherwise} \end{cases} \quad (2)$$

The online version of the original article can be found under doi:[10.1007/s00521-012-0980-8](https://doi.org/10.1007/s00521-012-0980-8).
