There is an error on line 9 in Results section of the Abstract and line 8 in External validation of the population PK model in a different population in Methods section of the paper body.

The equation now shown as:

$$k = Vd_{TV}/Cl_{TV}$$

should read:

$$k = Cl_{TV}/Vd_{TV}$$

There is another error on line 5–6 in External validation of the population PK model in a different population in Methods section of the paper body.

“ Vd_{TV} divided by Cl_{TV} ” should be replaced by “ Cl_{TV} divided by Vd_{TV} .”
