There was an error in Fig. 1. The decision on ordering radiographs should read “NO”, and not “YES”, if the

patient is able to rotate the neck actively 45 degrees left and right.

The correct Fig. 1 is given here.

The online version of the original article can be found under doi:[10.1007/s00586-008-0630-0](https://doi.org/10.1007/s00586-008-0630-0).
