DOI 10.1007/s00707-009-0207-y

Owing to an unfortunate oversight, one of the boundary conditions of this paper was omitted. Consequently, Eqs. (4), (7) and (15) contained errors. The correct equations are as follows:

$$\frac{\partial^2 w}{\partial r^2} + \frac{v}{r} \frac{\partial w}{\partial r} = 0, \quad (4)$$

$$\frac{\partial^2 W}{\partial r^2} + \frac{v}{r} \frac{\partial W}{\partial r} = 0, \quad (7)$$

$$I_m(\beta) \left[\frac{d^2 J_m(\beta r)}{dr^2} + \frac{v}{r} \frac{d J_m(\beta r)}{dr} \right] - J_m(\beta) \left[\frac{d^2 I_m(\beta r)}{dr^2} + \frac{v}{r} \frac{d I_m(\beta r)}{dr} \right] = 0. \quad (15)$$
